YOUR GUIDE TO ALL THINGS HAPPENING IN THE HUON VALLEY
THAT IS ARTS, CULTURE AND HERITAGE

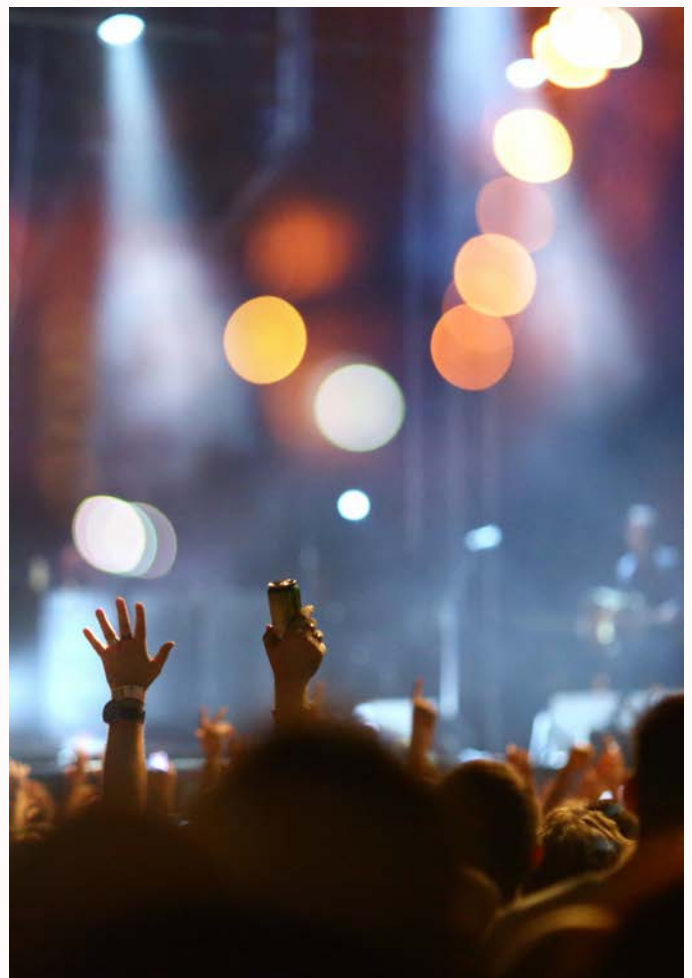

Winter continued...

From celebrations of pagan rituals, Winter brings us to the acknowledgment and celebration of each area in the Valley's local waterways, river systems, and coastal areas, and their significance.

If you are wanting dances in the dark, or prefer tranquil evenings in front of a log fire, your Huon Valley Gig Guide has everything covered.

As always, we'd love to hear from you if you'd like to have a gig, cultural, or arts event promoted.

THE HUON VALLEY GIG GUIDE CREW

flow

'Waterways hold deep symbolic meanings, ranging from the flow of life, fertility, the passage of time. In some cultures, they symbolise the boundary between this world and the next. Waterways connect settlements. Throughout human history, water has been a life force.'

Flow is a collaborative exhibition featuring Huon Valley and Launceston artists. The exhibition reflects and celebrates the connection each area has to its local waterways, river systems and coastal areas, and explores their significance.

The exhibition is showing at three different venues over different time periods, supported by a virtual gallery space where all the works participating in the exhibition are visible in one accessible space online.
